SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

The patent document listed on the attached PTO-1449 was cited in the Extended European Search Report (EESR) of corresponding European Application No. 07075155.7 - 2402. A copy of the EESR is attached for the Examiner's convenience. Applicants submit herewith a copy of this cited foreign patent document in accordance with 37 CFR §1.98(a)(2). The remaining cited references were previously provided with the Information Disclosure Statement and PTO-1449 filed on May 3, 2006, at national-phase entry of this application.

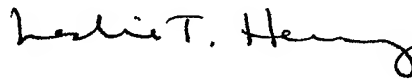

The EESR contains a Partial European Search Report (4 pages) and Search Opinion (4 pages). Applicants direct the Examiner's attention to the second reference cited on page 1 of the Search Report, "WO 02/28940 A (Nippon Kayaku Kabushiki Kaisha *et al.*) 11 April 2002 (2002-04-11) * figure 12*," which is referred to as "D2" in the listing of relevant documents in item 3 on page 2 of the accompanying Search Opinion. This document should be "WO 02/28904" to Chiron Corporation; see item 4, paragraph 2, on page 2 of the accompanying Search Opinion, wherein the D2 reference is properly identified as PCT/US01/30857, which published as WO 02/28904.

On the PTO-1449 filed May 3, 2006, at national-phase entry of this application, "WO 02/28940 A" was listed as Cite No. 5. Applicants respectfully note that WO 02/28940 A is directed to unrelated subject matter, i.e., an epoxy resin composition. Applicants respectfully request the Examiner to strike through Cite No. 5. The correct document, "WO 02/28904," is submitted herewith as Cite No. 11.

By submitting the listed document, Applicants in no way make any admission as to the prior art status of the listed document, but are instead submitting the listed document for the sake of full disclosure.
